Custom Exhibits with  
 Modular Convenience

**Fast Solutions™**

## Customize Your Solution.

Fast Solutions™ exhibits are **modular solutions** that can be tailored to your specific needs. Choose from several design configurations and **interchangeable features** such as back-wall modules, counter modules, storage modules and graphic packages to create a solution that's perfect for you.

The modular system is also great because you can add to your display over time as your needs change. **Your exhibit will evolve with your company!**

**understand > create > deliver**

## Packs Efficiently. Cuts Shipping Costs. Still gives you a custom look!

With Fast Solutions you get a display that looks unique, with the advantage of a proven system that is so easy to use.

- **Clearly marked** components for intuitive assembly.
- **Modular packaging** ensures that there is a place for everything.
- **Detailed instructions** speed installation and dismantle.
- **Durable engineered shipping cases** – everything fits into a hard plastic case to protect your investment.
- **Environmentally friendly** – components can be recycled and reused.

## Get it now!

The Fast Solutions™ modular system allows Nimlok to deliver orders **faster than ever**. Just choose your custom components and graphic package and you could have your display solution in time for that upcoming trade show!
