

Portable

Easy® ST Portable Panel Exhibits

Only Easy ST truly combines unlimited design options and one-person assembly into a lightweight, portable exhibit system. Numbered individual panels make assembly and packing quick and easy. And, all Easy ST systems pack flat into rugged, molded wheeled cases that can be easily shipped via UPS.

Custom-shaped soffits with down-lighting to highlight your products.

Large-format graphic panels give your booth maximum impact on the show floor.

Custom legs give your booth a unique look and can be used as an accent to any booth.

By combining fabric panels with laminated panels or end caps, you can create endless design possibilities.

Hanging acrylic shelves suspended by a wire is an elegant way to showcase your products.

Custom-shaped counters give the booth a very polished look and can be used for products, brochures, and more.

Case-to-Counter Conversion — Our case-to-counter kit enables you to store up to three cases and creates a roomy functional countertop workspace.

Reconfigure Your Exhibit To Meet Your Needs — Easy ST portable displays can even be reconfigured to meet your changing exhibit needs. Simply add panels to expand your exhibit to 20' or larger.

Purity — This 10' portable inline exhibit features laminated slotwall with standard shelving fixtures to display products and a large-format graphic to create impact and brand awareness.

Canefora Coffee — This warm 10' portable inline exhibit with end counters really stands out in the crowd with large-format center graphic and backlit header.

Vasquez — A great looking 8' portable inline exhibit with bubble-panel light boxes, curved center panels, and a customized counter unit.

Hydrosports — This 10' x 20' inline tower exhibit features laminate and slotwall panels with large-format graphics and logo headers.

Beagen Corp — This portable 20' x 20' island exhibit features a 12' center unit with vinyl logo and front-lit oversized graphics as well as a free-standing truss structure with suspended fabric graphic banners, floating tabletops, and three reception counters.

CygniStar — Custom fabric structures with corporate identification attached to 12' high portable towers, curved semiprivate workstations, and large graphics applied to 5' radius panels, make this 20' x 20' island exhibit unique.
